

Our commitment to coffee

Any great art is born out of passion; Cherry Hill's art is coffee. We import premium Arabica green coffee beans from around the world and hand roast in small batches in the crisp, clean air of the Okanagan Valley, British Columbia. Infused with a sense of the west coast; laid back, but not lazy; crisp as mountain air yet smooth as fresh powder. We like our coffee natural, it tastes better that way. Cherry Hill Coffee is proud to offer certified fair trade organic coffee. It's better for you, for the environment and the farmers who pick the beans. Put simply, we think it's the best coffee you will ever taste.
